REMARKS

Applicants are in receipt of the March 21, 2005 Notice of Allowability and gratefully acknowledge the Examiner's allowance of claims 1-20 and 23-53.

Applicants agree with the Examiner that claims 1-20 and 23-53 are patentable over the cited references and in condition for allowance.

Applicants note that in the Reasons for Allowance, the Examiner states that the cited references fail to teach or suggest "each of the . . . displays in the vehicle has a wireless receiver . . . capable of receiving wireless remote controlling" from the wireless transmitters, as recited in claims 47, 48 and 53. To clarify, claims 47, 48 and 53 recite wireless receivers capable of wirelessly receiving video from the wireless transmitters. Nevertheless, claims 47, 48 and 53 remain patentable over the cited references and in condition for allowance.

Respectfully submitted,
